

I am an avid K-Love listener in my local community. K-Love provides a safe place on the FM radio dial for my family, especially my children. I want my children to hear uplifting music and dialogue. Talk that will build their character, not tear them down. I believe the K-Love radio is VITAL to my community because they spread the message of the saving grace of our Heavenly Father through his precious son, Jesus Christ. We all need Christ and they work hard to let everyone know how available he is to them.
